

enum::Enum

```
graph BT; fsm_FsmStates[fsm.FsmStates] --> enum_Enum[enum::Enum];
```

A UML class diagram illustrating inheritance. At the bottom is a gray-shaded box labeled 'fsm.FsmStates'. A blue arrow points vertically upwards from this box to a white box at the top labeled 'enum::Enum'. The arrow indicates that 'fsm.FsmStates' inherits from 'enum::Enum'.
